gain Powers by
Completing Quests

Overview

Ortomnia combines the Fascination of **current Metroidvanias** and **restructures** them in a more **approachable** and player-friendly way, using a **level-based** and **narrative driven** Approach.

The Focus on **Characters** and Level-specific **Quests** provide a clear Path forward while still keeping the Excitement of an **overarching Threat** to uncover.

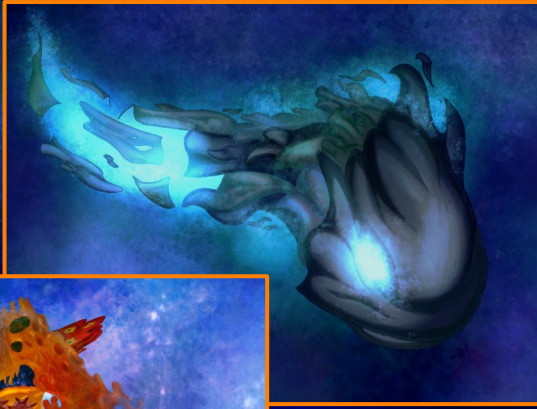

Gameplay Video

Setting

Dive into a **high-stakes fantasy epic** spanning an **entire galaxy** inhabited by **various living worlds** with their own civilization suffering from a **mysterious corruption**.

As so called 'Worldguardian', uncover the galaxy's mysteries, from its **creation** to the **origin** of the seemingly responsible **Witches** and the **involvement** of **divine beings**.

Main Features

Hit upon many unique **Characters**,
Uncover their **Stories**, **fulfill** their
Quests and support them in their
Character Arcs, so **they join** and
assist you, **providing** various fun
Movement-Options to advance in
the Story, as well as **powerful** and
thrilling **Combat Mechanics**.

Timeline

Building a Franchise

Ortomnia is **already available** as physical **Cardgame**, building the Foundation of the Ortomnia Franchise, exploring different Aspects of it's Universe in various Media.

With **Comics** and more **Cardgame Expansions** planned aswell, every Release in the Ortomnia Universe will **synergize** with each other.

If you enjoy the physical Cardgame you are inclined to try out the Videogame and vice versa, **building a Community** around it.
